BOO!!!Licious

Pattern by Ana Morais Soares, available on [Ravelry](#)

Stylecraft Special DK – 100 g / 295 m

Colour A	1063 – Graphite	3 balls
Colour B	1807 – Hint of Silver	1 ball
Colour C	1836 – Vintage Peach	some left overs

King Cole Comfort Baby DK – 100 g / 310 m

Colour D	1731 Mulberry	1 ball
----------	---------------	--------

Please note: This colour placement is based on my adapted version of the original BOO!!!Licious pattern. To create three wall hangings, a few sections were repeated, some sections were omitted, and additional rows were added where needed to maintain the intended colour sequence.

You can, of course, also use this colour scheme to create the original blanket. In this case, you'll still need the additional rows, otherwise the colour sequence won't work.

In rows where the tapestry technique is used, always start with the colour mentioned first.

Legend

[ADD]	additional row to maintain the colour sequence
[ADP]	adapted for the wall hanging
[OMT]	pattern omitted for the wall hanging version
[REP]	pattern repeated for the wall hanging version
